

BEST AIRCOTECHNIEK

Always the best climate

Mitsubishi Heavy Industries

Air conditioning

Cooling in summer, heating in winter. Japanese engineering with the highest efficiency in our range, whisper-quiet from 19 dB(A) and with wifi as standard.

Mitsubishi Heavy Industries wall-mounted model · indoor + outdoor unit and remote control

COOLING

HEATING

A+++ EFFICIENT

SMART M-AIR

Comfort that works all year round

A Mitsubishi Heavy Industries air conditioner is much more than cooling for a few hot days. It is a heat pump: in summer it cools and dehumidifies your home, and in spring, autumn and winter the same unit heats quickly and efficiently, on most series down to -20 °C outside. So you always have the temperature you want, with the included remote control or via the Smart M-Air app.

Cooling & dehumidifying

A pleasant temperature and less humidity on hot days, fast.

Heating as a heat pump

Affordable supplementary or primary heating; on ZT, ZR and ZSX down to -20 °C.

Energy-efficient (up to A+++)

A SEER of up to 10.30: the highest efficiency we supply.

Smart via Smart M-Air

Wifi built in as standard; control and schedule your unit from your phone.

Whisper-quiet

From 19 dB(A) in the quietest mode: barely audible, even at night.

Allergen Clear Filter

Standard on every series, with a photocatalytic washable deodorising filter.

Which series suits you?

All four series cool and heat and run on R32. They differ in capacity, efficiency and finish. On the next page you can see them side by side.

Four series, one to fit every room

All Mitsubishi Heavy Industries wall-mounted models cool and heat, run on R32 and have wifi built in for the Smart M-Air app. Below you can see the key differences between the four series. The full specifications are on the next page.

ZS THE FAMILIAR CHOICE	ZT MATTE BLACK	ZR LARGE ROOMS	ZSX TOP MODEL
 Compact and whisper-quiet, with Italian design. Energy label (up to) A+++ SEER (up to) 8.50 Sound (quiet) 19 dB(A) Feature Italian design Finish White, black or titanium Capacities 2.0 to 5.0 kW	 The black finish, and the strongest in the cold. Which Mitsubishi Heavy Industries suits you?

	ZS	ZT	ZR	ZSX
Level	The familiar choice	Matte black	Large rooms	Top model
Energy label cooling (up to)	A+++	A+++	A++	A+++
Energy label heating (up to)	A++	A+++	A++	A+++
SEER (up to)	8.50	9.50	8.10	10.30
SCOP (up to)	4.70	5.10	4.70	5.20
Sound (quiet mode, from)	19 dB(A)	19 dB(A)	25 dB(A)	19 dB(A)
Highlights	Italian design compact and quiet	Strongest in the cold full capacity to -10 °C	Wide casing 1197 mm, powerful throw	Presence sensor Eco Operation, Auto Off
Finish	White, black or titanium	Matte black	White	White or titanium
Available in	2.0 to 5.0 kW	2.0 to 5.0 kW	6.3 to 10.0 kW	2.0 to 6.0 kW

What do these figures mean?

SEER

Seasonal Energy Efficiency Ratio:
how efficiently the unit cools across a
whole season. Higher is better.

SCOP

Seasonal Coefficient of
Performance: the same, but for
heating. Higher is more efficient in
winter.

A+++ / A++

The energy label.
Up to A+++ on ZS, ZT and ZSX; the
label can differ per capacity.

Capacity & room size

Capacity	Suitable up to (volume)	Floor area*	Typical room
2.0 kW	± 70 m ³	± 28 m ²	Small bedroom or study
2.5 kW	± 90 m ³	± 35 m ²	Bedroom or small room
3.5 kW	± 120 m ³	± 46 m ²	Living room (average)
5.0 kW	± 180 m ³	± 70 m ²	Large living room or open space
6.0 kW	± 215 m ³	± 83 m ²	Very large or open space
6.3 kW	± 225 m ³	± 87 m ²	Very large or high room
7.1 kW	± 245 m ³	± 94 m ²	Very large or high room
8.0 kW	± 285 m ³	± 110 m ²	Business premises or shop
10.0 kW	± 355 m ³	± 137 m ²	Large business premises or open floor

*Floor area is a rule of thumb at approx. 2.6 m ceiling height and average insulation. Not every series is available in every capacity; see the 'Available in' row.
Best Aircotechniek will gladly make an exact calculation for your home.

A solution for every home

Beyond wall-mounted models

Does a wall-mounted model not fit, or do you want to cover several rooms? Mitsubishi Heavy Industries also offers floor-standing and ducted models, and almost every indoor unit can be combined into a multi-split system. We advise what works best in your situation.

Multi-split

Multiple indoor units on one outdoor unit, ideal for several rooms.

Floor-standing

Standing unit, convenient where wall space is limited.

How it works at Best Aircotechniek

1

Free advice

We assess your situation and advise the right model and capacity.

2

Clear quote

A clear all-in price, without surprises.

3

Professional installation

Certified (F-gas) installation, neatly finished.

4

Warranty & maintenance

Installation warranty and yearly maintenance available.
